

Y - Yearning for Yonder

“As creative human beings, we have the gift of imagination. We can see beyond the obvious. We wander, and we wonder. We explore and we move into the spiritual realm. This energy of exploration means that we are continuously expanding, and learning new ways of being. We move into worlds different than the one we were raised in. We travel to different places, see different people. All the while, we realize we are one with God, and each other, and nothing can separate us from that knowing. As we have goals and dreams, we inspire others to see that there is more beyond the horizon.”
