

THE COMMUNITY MEMBER WORLD

What is My Social and Political Responsibility?

We can become socially and politically active in our communities. As a result, we are thrust into a variety of environments. We develop social values and live them out. We are part of a neighborhood. When we move geographically, we have to start over making new connections, and learning how to fit in.

Dr. Michael Obsatz

Storytelling in small groups or personal reflection. One by one, each person shares their answer to the first prompt below. Then go to next question and so forth. A person can pass.

- 1. Share about your socially and political activities in your community.**
(where did you meet them? who are they? what do you do together?)
- 2. Tell a story about being part of a neighborhood, a community, or a social/political organization.**
(how does your involvement make you feel?)
- 3. Share a childhood experience about being involved with a social community or political group.**
(i.e. volunteering, neighborhood clean-up, political discussions/actions)
