

We are the Ones: ¹

WHERE IS THE MESSIAH WHEN WE NEED ONE?

By Dr. Michael Obsatz – November 2025

The Messiah Will Be Coming

The Messiah Is Here (Jesus)

The Messiah is the Divine Within All Beings

Old Testament (Judaism), New Testament (Christianity), and Unity/Science of the Mind

I. Old Testament

You believe the world is messed up, and the Messiah is still to come. God is judgmental, punishing, and demanding.

The world lives in Empire Consciousness, with power over, hierarchy, division, oppression, and domination.

II. New Testament

You believe the Messiah has come in the form of human called Jesus. God is loving, forgiving, and compassion. Jesus teaches Oneness Consciousness — connection, empathy, love, compassion, grace and forgiveness. Jesus did not want to be worshiped or called Lord, King, or Savior. Jesus wanted to empower all people to see their own Divinity.

III. Unity/Science of Mind

You believe in Ultimate Oneness Consciousness. God is love. We have Divinity inside of all of us, and we can see the Divine lovable potential in everyone. We are part of the Divine Idea, and there is an abundance of love and resources to share. Everyone is equal.

The major problem is that many people don't see that both Judaism and Christianity can live in Empire Consciousness, even though Jesus preached Oneness Consciousness, love, and the Divinity of ALL.

Some of those who practice Judaism or Christianity have castes, hierarchies, and scarcity beliefs.

We are the ones we have been waiting for.
